

NORMAN COMPANIES AT THE INTERNATIONAL “WORLD NUCLEAR EXHIBITION” ALONGSIDE NUCLEOPOLIS

From 28 to 30 June 2016, the Nucleopolis cluster will be present for the second time at the **World Nuclear Exhibition (WNE)**, to be held at Paris (in Le Bourget).

Over a shared space of nearly 200 m², Nucleopolis will host 18 companies from the nuclear industry and 1 association of norman companies, the Sotraban.

Stand n°R29 Hall 2B

The companies which wanted to attend the exhibition, alongside Nucleopolis, include some based in the Cotentin area such as AEMCO, CERAP, EFINOR, FIVA, NUDEC or OREKA, companies from Calvados department such as SOMINEX and PANTECHNIK, from Seine-Maritime department such as SERAPID and Ressorts MASSELIN, as well as companies outside Normandie. The GANIL will also be present on the Nucleopolis stand.

The vocation of **Nucleopolis, the norman nuclear cluster for health & energy**, is to promote the economic development of the nuclear industry in Normandie, and therefore employment by enhancing the competitiveness of its member companies. Actions carried out include developing skills and innovation as well as allowing access to new markets by showcasing the know-how of the SMEs in business-oriented exhibitions, like WNE.

Come and meet us over these 3 days on Nucleopolis stand R29:

- **28 June at 12:30 am** : Inaugural cocktail of the Nucleopolis space in the presence of Mrs Gaugain, first vice-president of the Normandie Region
- **29 June from 12:00 am to 2:00 pm** : Tasting of Normandie products
- **30 June from 11:00 to 12:00 am**: Presentation of the norman innovation **VISIT** used to perform virtual reality maintenance in an EPR plant
- **30 June at 2:00 pm** : Closing coffee

At the WNE, Nucleopolis, the reference regional player for the nuclear industry in the fields of Health & Energy, will act as ambassador of Normandie excellence in the nuclear domain.
